Schiffer Publishing Ltd, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. If you think your house may be haunted, you're not alone. Many people struggle with questions about ghosts and all the things that go along with them disembodied voices, hearing furniture move across wooden floors that are really carpeted, cold spots, disappearing items; the list goes on. This, then, is the guide for you! Learn how to tell if your house is haunted, what ghosts are and why they are, what to expect from a paranormal investigation team (or how to investigate on your own if you'd prefer), and what to do if your house really is haunted. In this day of electronics, hauntings aren't just knocks, creaks, and footsteps. The way spirits can interact with the world and you may amaze you. You'll meet four families who have lived with some very active spirits within their homes. As you learn about what these families have experienced and how they've dealt with their hauntings, you may better understand your own situation. An essential guidebook for anyone who thinks they may be sharing their home with the paranormal.
