The work in this branch consists of five to seven weeks course in urine analysis required for graduation in the Department of Medicine, the Homceopathie College and the School of Pharmacy; a course of some length in saliva analysis required in the Dental College; and a Medical Elective course, in analysis of tissues and excretions, extending through six months (Course 8 of the Literary Department). 211 students have taken one or other of the two required courses; and seven students, the elective course; during the year 1878-9. The teaching, in the first semester, was done wholly by Assistant Vaughan; in the second semester, wholly by Assistant Professor Rose. The laboratory work was accompanied by lectures and recititious. 5. Toxicology. A course of laboratory practice, with lectures, required in the School of Pharmacy, and elective in the Medical Schools. The work employs about six weeks. It was taught, in the first and second semesters, respectively, by the instructors having charge of Physiological Chemistry. The number of students during the year has been 29. 6. Pharmaceutical Preparations. In the first semester this course of laboratory work was given to a part of the seniors, and in the second semester to a division of the juniors, of the Pharmacy School. We are obliged to make two divisions of the students taking this branch; so that the work may be distributed through the year, and the classes may be provided for in the room. The class-room...
