Excerpt from Gilbert Hydraulic and Pneumatic Engineering For instance water. It s nice to drink, and bathe in but very few of us ever stop to consider the innumerable uses water is put to and what a great influence it has on many things we do. Most of us are satisfied to turn on the faucet and get our water in that way. If something is wrong and the water doesn t come from the faucet we call up the plumber, but we do not realize what has gone wrong simply because we do not understand how a house is piped for water nor do we understand why water gets into the pipes, etc. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
