Reviews

*The most effective publication i at any time go through. This is certainly for all those who statte that there had not been a worthy of looking at. Its been printed in an extremely straightforward way which is merely soon after i finished reading this publication where basicly changed me, change the way in my opinion.

Fonthill Media. Paperback. Book Condition: new. BRAND NEW, Mount of Aces: The Royal Aircraft Factory S.E.5a, Paul R. Hare, The Sopwith Camel may be the most celebrated British fighter plane of the First World War, but it was the Royal Aircraft Factory S.E.5a that almost all the highest scoring aces, including McCudden and Mannock, preferred. The S.E.5a was deadly. It was well-armed, fast, highly manoeuvrable and a superb gun platform, and yet it was easy and safe for even the most sketchily trained pilot to fly. Not only could it absorb punishment, it could also deal it out with its .303 Vickers and .303 Lewis machine guns. Over 5,500 examples were produced in the war, and Major Edward C. 'Mick' Mannock scored fifty of his seventy-three victories in it. A formidable part of the Allied arsenal, the S.E.5a helped turn the tide of the war in their favour. After the war, the type took part in air races and was employed in the 'sky-writings' industry for advertising purposes in both Britain and America. Today, all over the world, home-builders are producing reproductions of the S.E.5a for sport and leisure flying; it is a fitting tribute to a design now nearly a century old, and an appropriate memorial to the thousands of pilots who flew it in combat over the trenches in defence of their country.
