Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.There is much more to the story of Ron Wayne than his brief involvement with the Apple Computer Company (before it re-formed as Apple Computer Inc.). In the spring of 1976 while working as chief draftsman and product development engineer at the video game maker Atari, Ron assisted a co-worker with the subtle intricacies of forming a small business. It was with Ron s natural sensibilities, experiences, and skills honed over a lifelong career in many disciplines that he offered himself openly as a resource to two much-younger entrepreneurs: Steve Jobs Steve Wozniak. These same traits would drive Ron s decision to leave a short time later. It is one of life s profound realities that people rarely recognize history while they are in the midst of making it. The events that transpired that spring would come to define such a case. Adventures of an Apple Founder offers insight into the experiences that define the man whose passion for engineering and design spans over three quarters of a century, half a dozen industries, and a lifetime of adventures!.
