Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Success takes inner work. Authentic success and happiness are already inside of us. True health happens by fully integrating the mind, body, and actions to be congruent with our life s vision. The 7 Mind-Sets for a Fit Life is not a book about creating a shortcut to success and happiness. This book is like your gym. Like physical fitness, developing your potential will take time, discipline, determination, and a deep desire. This book will show you the fundamental concepts, or what I like to call the mental muscles, that you must develop in order to create the life you desire. This work will help you with simple strategies to endure the journey of living a fulfilled life and to prepare you to handle the challenges that come with the pursuit of your dreams. Being your best requires Awareness about your thoughts and emotions, Belief in yourself, Confidence in your skills and abilities, Drive in order to keep going when things are hard or fall apart, Emotional Fitness so you choose your words and actions wisely in times of stress, Fearlessness so you can move through difficult obstacles, and last but not least, Grit to endure the long process of designing the life you are meant to have. Use this book as your mental, emotional, and spiritual gym. With daily practice and dedication to your true potential, you will become the person you are DESTINED to be.
