Brand New Book ***** Print on Demand *****.Have you met Kodi, the open source software that is being craved by millions around the World? Granted that you have met Kodi, but do you really know what this Kodi can do for you? Have you taken the time to understand how to use this Kodi app that will give you the best streaming option that your home or device has ever known? Kodi can stream contents for you from different sources across the internet from movies to TV shows and even Sports. Kodi has the capacity to play your large archive of photos, music, movies. The Kodi app is not limited as it can be used on many devices such as Android, a laptop computer, or even an iOS device. This streaming software, Kodi which you will know when you have read this book has a large collection of add-ons for streaming TV contents, games, videos, and content from around the world. The Kodi app works on full screen mode with a simple user interface. With difference icons, you can simply move around your Kodi TV with ease. If you don t like the appearance of your Kodi, there are many dedicated skins that will change the user interface of your Kodi app and give you what you love. There was a previous version of Kodi. It gave all the users the satisfaction that they needed. But due to the weakness of the previous version, hackers freely feasted on this apparent flaw and broke into the computers and devices of many users as they installed add-ons. It is this flaw that gave birth to Kodi 17.3. This version resolves the problem. Kodi 17.3 has a lot of wide compatibilities. It...
