

Whores of Babylon: Catholicism, Gender, and Seventeenth-Century Print Culture (Paperback)

Filesize: 8.85 MB

Reviews

An extremely awesome publication with lucid and perfect explanations. It is actually written in basic phrases rather than confusing. You will like how the writer publishes this book.

(Melody Jakubowski)

WHORES OF BABYLON: CATHOLICISM, GENDER, AND SEVENTEENTH-CENTURY PRINT CULTURE (PAPERBACK)

[DOWNLOAD](#)

University of Notre Dame Press, United States, 2005. Paperback. Condition: New. Revised. Language: English . Brand New Book. In *Whores of Babylon*, Frances E. Dolan offers a perceptive study of the central role that Catholics and Catholicism played in early modern English law, literature, and politics. She contends that despite sharing the same blood, origins, and history as their Protestant antagonists, Catholics provoked more prolific and intemperate visual and verbal representation, and more elaborate and sustained legal regulation, than any other marginal group in seventeenth-century England. This careful and thorough study examines legal and literary representations of the Catholic menace during three crises in Protestant/Catholic relations, from the Gunpowder Plot (1605) to the Popish Plot and Meal Tub Plot (1678-80). It also offers the first sustained analysis of the extent to which gender issues informed both Catholicism and anti-Catholicism in the early modern period. Available for the first time in paperback, this book will appeal to scholars and students of early modern England, Catholic history, and gender studies.
