## WE RE 34TH IN EDUCATION: IT S OUR CULTURE (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. We Are 34th in Education - It s the Culture concerns the disappointing state of America s public education. The book s title reflects the 2014 report by PISA, the premier international assessment organism of scholastic performance, that places the US 34th in the world. Who and what is it fault in our standing 34th? As the author parses our educational deficiencies, all too often he finds a mass culture of indifference toward education. He analyzes the harmful consequences of parental and community univolvment that results in low scholastic achievement, appalling rates of dropouts and general lack of interest in self-improvement. A crucial aspect of our mass culture is the deplorable way in which we treat our teachers. In noting all our educational shortcomings, the author also observes their cultural obverse. He describes actions of energetic Americans who produce excellent schools, outstanding teachers and model school leaders. Of these positives, we have, however, as yet all too little. Both the negatives and the positives stem from cultural ways we have inherited. This book records disdain for education by too many and vigorous problem-solving by a relative few. Both traits reside in the American character. The narrative takes into account only secondary education, because of its abundance of reliable data. In doing this, it covers all aspects of our public high schools: the bad, the middling and the excellent. It examines both effective and failing traditional schools and investigates why they are so in either case. While the book devotes extended attention to critical problems, it also goes into considerable detail describing steps that we can take to correct our deficiencies and how we can do it. Thus, in its...
