

The Greatest Story Ever Told..So Far (Hardback)

By Lawrence Krauss

Simon Schuster Ltd, United Kingdom, 2017. Hardback. Condition: New. Language: English . Brand New Book. `Probably the most readable, exciting and authoritative writer on science we have. A new Lawrence Krauss book always goes to the top of the curious mind s wish list. Stephen Fry A great educator as well as a great physicistâ Richard DawkinsIn the beginning there was light but more than this, there was gravity. After that, all hell broke loose. This is how the story of the greatest intellectual adventure in history should be introduced - how humanity reached its current understanding of the universe, one that is far removed from the realm of everyday experience. Krauss connects the world we know with the invisible world all around us, which is removed from intuition and direct sensation. He explains our current understanding of nature and the struggle to construct the greatest theoretical edifice ever assembled, the Standard Model of Particle Physics -- and then to understand its implications for our existence. Writing in the critically acclaimed style of A Universe from Nothing, Krauss celebrates the beauty and wonders of the natural world and details our place within it and how this shapes our understanding of...
