Brand New Book ***** Print on Demand *****.CONSCIOUS FITNESS is a timely and important book that invites its readers to gain a new perspective on health and wellness. It involves looking at nutrition, exercise and overall fitness from our most basic level, pure energy, otherwise known as Zero Point Energy. It is a modern journey into critical thought, intended to rid the reader of limiting beliefs they may have about their health, weight, level of fitness and their capacity to change. Through the use of new scientific research, quantum science, philosophy, exercise physiology, spirituality, nutrition, and motivational science, the reader is introduced to a new belief system. This system challenges the reader to consider new possibilities regarding their health and wellness.
