Excerpt from Little Poems From the Greek The first problem which faces a selector from the Anthology is that of arrangement. Should the epigrams be grouped under authors or subjects? The latter course is chosen by the editors of the original Anthology, and is followed, on lines of his own, by Mackail. It is recommended especially by the presence in the Anthology of a large number of anonymous poems which are wholly undatable, so that a complete arrangement in historical sequence however desirable in itself, is impossible; and the anonymous poems are of such high interest and importance that they claim a prominent place.
