TRADE-MARKS, TRADE-NAMES, UNFAIR COMPETITION (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Trade-Marks, Trade-Names, Unfair Competition The growing and, I may say, vital importance of the proper protection of the trade-marks and trade names of American manufacturers, especially in foreign countries owing to the great and increasing expansion of the foreign trade of the United States, has induced me to prepare this little booklet for the convenience of our correspondents. This, the second edition, has been carefully revised and enlarged, but it should be noted that it is not intended to be exhaustive in any particular. It is rather designed to serve as a convenient handbook, presenting in concise form for ready reference the features most necessary to be available to lawyers and manufacturers to enable them to readily understand the leading points of the law and practice on this important subject matter, and to take the necessary steps to secure protection for this class of property. We are always glad to furnish correspondents with more complete and precise information upon any specific questions either of law or practice, and with respect to any country or countries.
