I actually started out reading this book. It can be packed with wisdom and knowledge I discovered this ebook from my dad and i suggested this book to understand.

Montlake Romance, United States, 2012. Paperback. Book Condition: New. 210 x 141 mm. Language: English . Brand New Book. Love voodoo? Somer Archer didn't believe such a thing existed when her mother handed her and her siblings each one of their grandmother's rings and told them the rings would help them find their soul mates. As a reporter for the local paper, Somer deals in fact, not fiction. A New York City police officer assigned to rural New Jersey as part of a Homeland Security cross-training initiative, Nick Daultry plans on completing his assignment and getting back to the city as quickly as possible. But when he finds Somer going through his desk at the station, suddenly small town crime seems awfully interesting. Despite mixing as well as oil and water, Somer and Nick find themselves caught up in the same case. Is it just a reporter's interest in a story that draws Somer to Nick as well, or is her grandmother's ring working some magic after all?
