This book is for the reader who is ready to understand, that he inhabits this planet as a member of a community of people, whose living rights must be respected, without disturbing the other species. Hate, greed, and deceit always lead to misery and war. At this point in evolution, the human species, through the irrational misuse of its intelligence, can destroy in a very short period of time what has taken thousands of years to build. A theory of Universal Energy Spectrum is developed which provides the foundation for a bright future within our chaotic world. Freedom can be a blessing for the enlightened, or in the hands of the unknowledgeable, a means by which to destroy the world. We have unintentionally entered the race for self-destruction. The time has come to regain our sense of direction, and pursue the ever-distancing goal of happiness for all mankind. It is a wonderful opportunity to learn to live by proven principles based on a sturdy alloy of exciting scientific discoveries and tested beliefs. This item ships from multiple locations.
