One of the most common misconceptions about Photoshop is that it s a way for photographers to cheat. It just might be, but you should understand as well that even the most sophisticated camera has its limitations. What we see with our eyes cannot be fully captured by any man-made device. The essence of a sunset over the sea, the serenity of a silent mountain, or the grandeur of a rushing river - these sceneries ambiances and emotions will come out bland and lacking when printed. Creating Amazing Images Was Once Only For Professionals But With This Book - Even YOU Will Be Able To Astonish Your Friends And Family On The Quality of YOUR Photography!.
